

# Sri Lanka Surgical Congress 2025 - SLSC 25

## Oral Presentations

| Number   | Section Number | Title  | Presenting Author     |
|--|----------------|--|-----------------------|
| <b>N&amp;N BARTHOLOMEUSZ BEST PAPER SESSION</b>                                      |                |  |                       |
| <b>13th SEPTEMBER 2025 - 1145 to 1245 - MAIN HALL</b>                                |                |  |                       |
| OP1  | 7.1            | Staging laparoscopy in malignancies – A way forward in utilization of surgical resources   | Y M K A Yapa          |
| OP2  | 7.2            | Patterns of Dyssynergic Defecation in Sri Lanka: A Manometry-Based Study   | M P M Perera          |
| OP3  | 7.3            | Efficacy of axillary dead space closure combined with local triamcinolone versus standard of care in reducing axillary drainage in breast cancer patients undergoing axillary lymph node dissection: Interim analysis of a randomized controlled trial | Chandan Kumar Jha     |
| OP4  | 7.4            | Title: Robotic Resection of Choledochal Cyst with Roux-en-Y Hepaticojejunostomy in Adults: A Single Centre Experience and Lesson Learnt  | Lokesh Agarwal        |
| OP5  | 7.5            | Diagnostic Delays of Colorectal Cancer in Sri Lanka: Patient-System Barriers and Gender Disparities  | M P M Perera          |
| OP8  | 7.6            | A cross-sectional study of factors associated with arteriovenous fistula failure among haemodialysis patients at a tertiary care hospital in Sri Lanka   | I D S M Amarathunga   |
| <b>SESSION 1: General, Training, Thyroid</b>   |                |  |                       |
| <b>ORAL PRESENTATION SESSION 1: 11th SEPTEMBER 2025 - 0800 to 0900 Venue: SEQUEL</b> |                |  |                       |
| OP9  | 1.1            | Beyond the Operating Room: Physical Well-being and Lifestyle Practices among Sri Lankan Surgical Trainees  | S A Jayasekera        |
| OP40   | 1.2            | Environmental Sustainability in the Operating Room: Perspectives of Surgical Trainees  | K.L.W.Grero           |
| OP46   | 1.3            | Assessment of Risk Factors Contributing to the Occurrence of Inguinal Hernias: A Cross-Sectional Study in a Tertiary Care Setting  | Dr T.G.Kanil Weranja  |
| OP55   | 1.4            | A Retrospective Audit on the Quality of Endoscopic Documentation in a Tertiary Care Unit   | A H M A H Abayasinghe |
| OP56   | 1.5            | Reporting in Endoscopy: The Gap Between Global Standards and Local Practice  | P D J Kaushalya       |
| OP25   | 1.6            | Quality of Life after Robotic TAPP and Laparoscopic TAPP for Ventral Hernia Repair: An Observational Study   | Dr Ayush Pachauri     |
| OP52   | 1.7            | Correlation of Thyroid Imaging Reporting, Data System, Fine Needle Aspiration Cytology and Postoperative Histopathology in Total Thyroidectomy Patients  | Sharitha Jayasekara   |
| <b>Session 2: Upper GI, Breast</b>   |                |  |                       |
| <b>ORAL PRESENTATION SESSION 2: 11th SEPTEMBER 2025 - 1430- 1530 Venue: SEQUEL</b>   |                |  |                       |
| OP15   | 2.1            | Evaluation of the Clara cell protein in serum of patients of Esophageal Atresia with Tracheo-esophageal Fistula  | Anand Pandey          |
| OP16   | 2.2            | Intestinal Malrotation in Older Children: Early Diagnosis and Treatment Insights   | Dr Tanvir Roshan Khan |
| OP33   | 2.3            | Comparison of PULP, Boey, ASA, Jabalpur, and POMPP Scores in Predicting 30-Day Morbidity in Perforated Peptic Ulcer Patients: An Observational Study   | P N Kotegar           |
| OP39   | 2.4            | Presentation and Surgical Role in Primary Gastrointestinal Lymphomas: Experience from a Tertiary Center  | Y M K A Yapa          |

|  |     |  |                                    |
|--|-----|--|------------------------------------|
| OP43   | 2.5 | Anatomical, Physiological, and Quality of Life Changes after Laparoscopic Heller's Myotomy for Achalasia Cardia  | Dr Shiva                           |
| OP34   | 2.6 | Effect of local Tranexamic Acid in reducing axillary drain output post Modified Radical Mastectomy: A randomized controlled trial  | P K Singh                          |
| OP47   | 2.7 | Challenges in Implementing Palliative Care Services for Breast Carcinoma in Developing Countries   | Rashmi W.A.                        |
| OP50   | 2.8 | Quality of Life among Patients Following Breast Cancer Treatment   | Mahen Samaranayake <sup>1, 2</sup> |
| Session 3: Trauma, Miscellaneous   |     |  |                                    |
| ORAL PRESENTATION SESSION 3: 12th SEPTEMBER 2025 - 0800 to 0900 Venue: IVY |     |  |                                    |
| OP18   | 3.1 | Clinical impact of CT First Resuscitation protocol in severely injured trauma patients: A single-center retrospective cohort study   | Shokei Matsumoto                   |
| OP22   | 3.2 | Effectiveness of Fibrinolytic Therapy in Traumatic Hemothorax: A Randomized Trial of Intrapleural Streptokinase  | Dr. Yadvendra dheer                |
| OP35   | 3.3 | Evaluating the Risk Factors Associated with Road Traffic Accidents among Motorcyclists presenting to the Accident Service at the National Hospital of Sri Lanka  | W V D Perera                       |
| OP41   | 3.4 | Comparison of Analgesic effect of Intra-pleural Injection vs Erector spinae plane infusion of Ropivacaine in Blunt trauma chest patients with Intercostal Drainage tube insitu - A Non Inferiority Randomised controlled Trial | Dr. Avinash Varma                  |
| OP26   | 3.5 | Ergonomic Challenges and Physical fatigue Among Surgeons in Sri Lankan Operating Theaters  | AS Samarasinghe                    |
| OP10   | 3.6 | Outcomes of Craniostomy Surgery in a Tertiary Care Hospital in Sri Lanka: A Seven-Year Retrospective Analysis  | Gayan Ekanayake                    |
| OP53   | 3.7 | Financial Toxicity in Patients with Inflammatory Bowel Disease at the National Hospital Sri Lanka: A Cross-Sectional Study   | M P M Perera                       |
| Session 4: Vascular, Urology   |     |  |                                    |
| ORAL PRESENTATION SESSION 4: 12th SEPTEMBER 2025 - 0900 to 1000 Venue: IVY |     |  |                                    |
| OP14   | 4.1 | Prevalence and associated factors of psychological distress among patients with chronic leg ulcers visiting surgical clinics in Sri Lanka  | F N Cassim                         |
| OP23   | 4.2 | Satisfied but Unsafe: A Paradox of Satisfaction in Diabetes-Related Foot Care Without Adherence — A Descriptive Cross-Sectional Study in a Tertiary Care Hospital in Sri Lanka   | P D Jayamini Kaushalya             |
| OP30   | 4.3 | Effectiveness of Insole-Corrected Footwear for Diabetic Foot Ulcer Healing in a Resource-Limited Setting   | D S Paliakkara                     |
| OP44   | 4.4 | Ischaemic time and graft survival in cadaveric and live donor renal transplantation – a retrospective study  | Kavishangari Jeyalogandran         |
| OP27   | 4.5 | Survival Outcomes In Renal Cell Carcinoma With Inferior Vena Cava Tumour Extension: An Ambispective Cohort Study   | PHRS Mendis                        |
| OP38   | 4.6 | A Decade of Testicular Cancer Management: Single Tertiary Centre Experience with an Insight into Future Directions   | Thilina Samarasinghe               |
| OP42   | 4.7 | Challenging the Standard Adult Laparoscopic Pyeloplasty: A Retrospective Comparative Study of Immediate and Long term outcomes with a Novel Continuous Barbed Suturing Technique   | Thilina Samarasinghe               |
| Session 5: Hepato-Biliary  |     |  |                                    |
| ORAL PRESENTATION SESSION 5: 12th SEPTEMBER 2025 - 1430 to 1530 Venue: IVY |     |  |                                    |
| OP17   | 5.1 | Prognostic Significance of Hyponatraemia in Patients with Hepatocellular Carcinoma: A Retrospective Analysis.  | W A B Wijerathne                   |
| OP12   | 5.2 | Comparison of surgical outcome and prognostic factors between Pancreatobiliary and Intestinal type of Periapillary Adenocarcinoma following pancreaticoduodenectomy  | KUNAL PARASAR                      |

|  |     |   |                                 |
|--|-----|---|---------------------------------|
| OP20   | 5.3 | Postoperative Pain in 5 mm versus 10 mm Epigastric Port in Minilaparoscopic Cholecystectomy: A Randomized Controlled Trial                                      | Naveen Sharma                   |
| OP31   | 5.4 | Natural progression and management of branch-duct intraductal papillary mucinous neoplasms of the pancreas – Systematic review                                  | Bhanu Wijetilake                |
| OP32   | 5.5 | Comparative study between Radiofrequency ablation & Neurolytic block of Splanchnic Plexus in Pancreatic cancer  | Dr. sarita singh                |
| OP48   | 5.6 | Impact of Preoperative ECOG Performance Status on Tumour Characteristics and Surgical Eligibility in Hepatocellular Carcinoma                                   | G Ushanandani                   |
| OP49   | 5.7 | Association of Preoperative AFP and Liver Function Parameters with Tumour Characteristics in Hepatocellular Carcinoma   | J A Vasanthan                   |
| OP45   | 5.8 | Isolation, Characterisation, and Functional Role of Cancer-Associated Fibroblasts (CAFs) in Pancreatic Ductal Adenocarcinoma: Insights from an Indian Cohort    | Prof. (Dr) Prakash Kumar Sasmal |
| Session 6: Colo-Rectal   |     |   |                                 |
| ORAL PRESENTATION SESSION 6: 12th SEPTEMBER 2025 - 1530 to 1630 Venue: IVY |     |   |                                 |
| OP11   | 6.1 | Colonoscopy outcomes: Completion rates and factors associated with incompleteness among patients who have undergone colonoscopy in a selected Teaching Hospital | S Kumaravel                     |
| OP19   | 6.2 | South Asian practice and adherence to guidelines in the management of Acute Severe Ulcerative Colitis   | J Mithushan1                    |
| OP28   | 6.3 | Longitudinal comparison of colorectal cancer survivorship in a cohort of srilankan patients: analysis of outcome over 25 years                                  | S Jasothakrishna                |
| OP29   | 6.4 | An alarming rise in colorectal cancer incidence in Sri Lanka from 2010 - 2021   | Thehara Madhuwanthi             |
| OP36   | 6.5 | Polyp Detection Rate in Colonoscopy and its Association with Bowel Preparation: A Retrospective Analysis  | M.A.J.induruwa                  |
| OP37   | 6.6 | Management of Congenital pouch colon - our experience   | Jiledar Rawat                   |
| OP51   | 6.7 | Colonoscopy Screening Uptake at a Tertiary care centre: Demographic and Perceptual Barriers   | M P M Perera                    |
| OP57   | 6.8 | How Many Nodes Are Enough? Adequacy of Lymph-Node Yield in a Sri Lankan Colorectal-Cancer Cohort  | M.A.J. Induruwa                 |
